Dear Mr Wood

I thank you for the information given me in your letter of the 12th. Frequently get hold of medals that might interest you and would like very much to send them to you on approval with the view of disposing of them to some of your members, there are no real collectors of medals in Kan City so if it is not too much trouble to you would be all right to send you anything that I think may interest you also am I enclosing an envelope for your information hoping to hear from you again I remain

Yours Truly

W H Wilkinson

Dear Sir:

Replying to your favour of August 18th, we should be pleased to receive any Indian Peace Medals you may pick up, but we have nearly all of the round ones. However, we are looking for various oval medals - thin engraved silver plates of the time of George Washington, and silver medals of Hayes, Arthur, Cleveland and Harrison.

Thanking you, I am,

Very truly yours,

Curator
